QUALITY**

NUESTROS PRODUCTOS

Una familia de productos que cuenta con catálogos impresos y digitales, material publicitario e información técnica para toda la cadena comercial y usuarios finales.

Con más de 30 años de experiencia en el mercado autopartista, en la distribución de repuestos, a principios de 2001 nos lanzamos al mercado con nuestra propia línea de productos. La primera línea fueron las bombas de agua, a las cuales se le fueron sumando de a poco el resto. Se buscaba ofrecer en el mercado una opción de productos, con calidad similar a las primeras marcas, pero focalizándonos en obtener un diferencial de precio importante, con un surtido completo y una comercialización sana

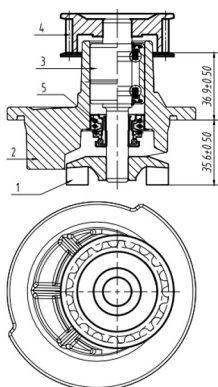

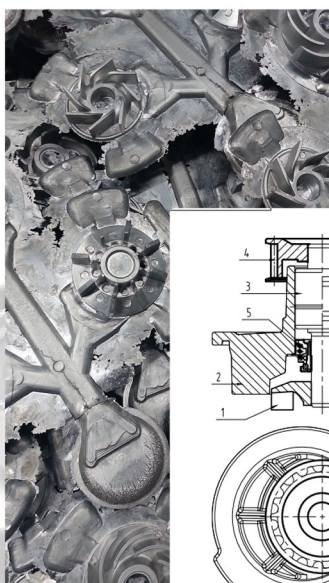

Calidad

FABRICACION

Todos nuestros productos son controlados durante cada uno de los procesos de manufactura, garantizando la calidad de los componentes, mecanizados y ensamblados. Utilizamos únicamente rodamientos y sellos de primera calidad que garantizan la durabilidad necesaria.

CONTROL

No son todas las bombas iguales. Con MTA usted tiene:

- Poleas de chapa de calidad, con excelente terminación
- Poleas Sinterizadas de Alta Presión (mayor densidad y dureza)
- Rodamientos de Calidad Certificada
- Sellos Cerámicos de Carburo de Silicio
- Calidad en Inyección de Aluminio
- Turbinas de alta calidad
(Pioneros en Turbinas de Aleación de Aluminio)
- Mazas de Acero
- Fundición Gris de Excelente Calidad

TRAZABILIDAD

Todos nuestros procesos y componentes son controlados durante toda la manufactura y documentados.

Todos los productos son identificados con su código y lote de producción, no solo en la pieza, sino en la garantía y sello de la caja, permitiendo identificar de manera individual a cada una de las autopartes producidas.

Bombas de Agua y Accesorios

CALIDAD GARANTIZADA

Todos los componentes cumplen normas de calidad de fabricación internacionales. A la línea de bombas de agua, se suman bases de termostatos, antecuerpos, conectores, tapas de distribución y conectores.

Una línea en constante crecimiento, brindando servicio y calidad
